

Eddy Home Inc.

H2O
sensor

SMART HOME
LEAK DETECTOR

Welcome!

Eddy **H2O** Sensors silently monitor your home day and night for water leaks and variances in your home environment.

Installation

Place a Sensor by every water source in your home, and if water is detected you will be notified immediately.

Set-up application

1 Download My EddyHome app.

2 Set-up the H2O sensors on your app.

3 Scan the QRcode for each Sensors

Track your device

Once your Eddy Home products have been installed, you'll be able to monitor your H2O sensors data using the 'My Eddy Home' App.

Caution: Changes or modifications not expressly approved by Eddy Home Inc. could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC and ICSED radiation exposure limits set forth for an uncontrolled environment. The antenna should be installed and operated with minimum distance of 20 cm between the radiator and your body.

This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions:
(1) This device may not cause interference; and
(2) This device must accept any interference, including interference that may cause undesired operation of the device

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions:
1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

FCC ID: 2AKHG-H2OV2
IC: 22180-H2OV2
